

Bike Park

Phase one (built summer 2022) includes:

- Multiple jump lines and features in one area.
- A pump track style return line.
- Start/return deck with progressive wood and rock drops and ramps.
- Several wood-structure drop lines.
- A multi-use perimeter trail.

Plans for Phase 2 are underway with the Hoots Ltd. crew set to return in summer 2023 to expand the Bike Park with:

- An advanced flow jump trail.
- Junior and senior pump tracks.
- Skills circuit with wood-rock balance features.
- Additional start/return hill.
