# Message from the CAO

In different ways, the 2023 budget process represents both a return to normal and an evolution.

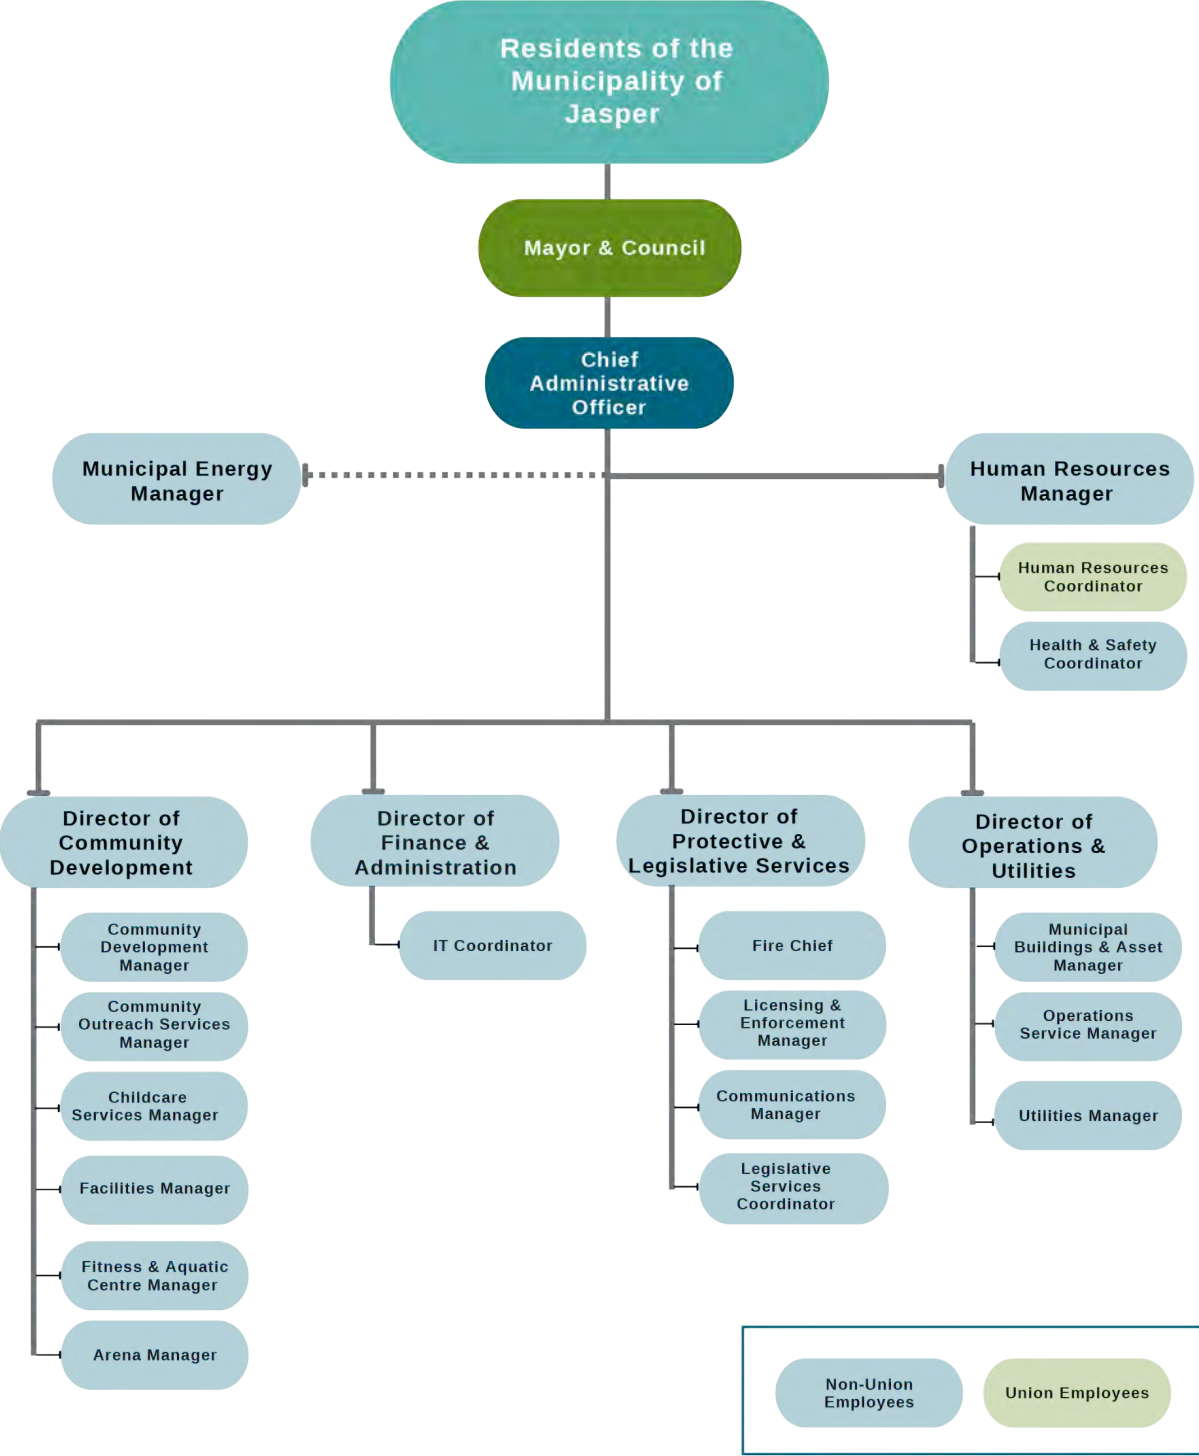

Through the pandemic, the need for rapid and ongoing adjustments severely impacted the municipality's ability to present budget information to the standard we expected of ourselves. While there continues to be significant global uncertainty arising from factors such as climate change, inflation and war, municipal administration is happy to be returning to a presenting council and the community with timely and accurate representations of the municipality's finances.

Budget 2023 also represents an evolution in our processes. As we move into Priority Based Budgeting (PBB) administration is working to ensure the allocation of municipal resources align with Council's Strategic Priorities and the community's expectations. This process has required significant additional effort from our Managers, Directors, and finance team as they have worked to describe the services we deliver; score those services against Council's Strategic Priorities; check the opinions of the public and finally; develop and recommend a budget that offers opportunities to advance on the most prominent issues. We will continue to improve and evolve this process each year.

We are committed to ensuring residents and businesses alike are receiving good value for their tax dollar. This commitment does not end with the preparation, presentation or even the approval of this budget. It is an on-going task that all Municipality of Jasper employees are engaged in 365 days of the year, because MOJ staff live here too and we take pride in serving our community with Professionalism, Empathy, Accountability, Respect, Communication & Teamwork.

# Municipal Organizational Chart

# Mission Statement

To provide open, honest, and accountable government to the residents of Jasper.

# Corporate Values

The Corporation of the Municipality of Jasper is testing six internal values. Based on the input from the approximately 40 staff members, these definitions capture the “feel” of what the proposed values mean to staff.

Value	What it Means
<b>Accountability</b>	<ul style="list-style-type: none"><li>• We own and exercise our specific roles to the best of our ability, to the benefit of our colleagues.</li></ul>
<b>Communication</b>	<ul style="list-style-type: none"><li>• We provide clear and necessary information in times, places and methods that are most appropriate to those hearing us.</li></ul>
<b>Empathy</b>	<ul style="list-style-type: none"><li>• We know that everyone is unique with their own background and relationships. We are stronger if we know and treat each other as real people.</li></ul>
<b>Professionalism</b>	<ul style="list-style-type: none"><li>• We all bring a unique set of skills to the Municipality of Jasper. We expect and trust each other to carry out our specific roles carefully and conscientiously.</li></ul>
<b>Respect</b>	<ul style="list-style-type: none"><li>• We are colleagues, believing in each other and valuing each other’s contribution.</li></ul>

# About the MUNICIPALITY OF JASPER

The Municipality of Jasper respectfully acknowledges that Jasper National Park and the Municipality of Jasper are on Treaty 6 and 8 Territories as well as Métis Region 4. This land is the Traditional Territory, meeting ground, gathering place, travelling route and home for the Dane-zaa (Beaver), Nêhiyawak (Cree), Anishinaabe (Ojibway), Secwépemc (Shuswap), Stoney Nakoda and Métis.

The Municipality honours the historical and ongoing relationship between this land and the many Indigenous Peoples that were present and thrived in this area since time immemorial. The Municipality of Jasper acknowledges the past and ongoing impacts of the colonization of Indigenous Peoples and lands and commits to reconciliation efforts in partnership with those whose Traditional Territory the Municipality of Jasper occupies.

Today, Jasper is home to just under 5,000 full-time residents who come from a wide diversity of backgrounds, abilities, and orientations. Our community typically welcomes over 2,000,000 visitors every year who come to experience the hospitality of our mountain town and its shimmering glaciers, abundant wildlife, crystal-clear lakes, thundering waterfalls, deep canyons and evergreen forest — all surrounded by towering mountains.

The Municipality of Jasper is unique because it is a town, located within a province (Alberta) and within a National Park (Jasper National Park).

The Municipality of Jasper was formed by the Province of Alberta on July 20, 2001, and is led by a locally elected Mayor and 6-member Council who provide leadership, governance and oversight of the operations of the Municipality.

About 170 people work for the Municipality, providing the day-to-day services that keep the town running to the benefit of residents and visitors alike. These services include items related to core infrastructure such as road clearing and maintenance; water treatment and supply; and managing solid waste; as well as a broad suite of human services such as recreation and culture, social supports and childcare.

# Municipality of Jasper Council

Councillor Helen Kelleher-Empey, Councillor Scott Wilson, Councillor Kathleen Waxer, Mayor Richard Ireland  
Councillor Ralph Melnyk, Councillor Wendy Hall, Councillor Rico Damota

# A message from the MAYOR

On behalf of Council, I am pleased to share our Strategic Priorities for the term 2022-2026.

Establishing Strategic Priorities is a critical step to provide foundational guidance and enhance Council and administrative alignment to more effectively advance community aspirations. The 2021 election provided councillors with an unparalleled opportunity to engage with citizens and to hear, unfiltered, residents' priorities. The post-election period has allowed councillors time to distill that information, and to reflect upon and refine their individual sense of the relative weighting of multiple, sometimes competing, priorities. In spring 2022, assisted by a professional facilitator, Council gathered with our CAO and key administrative staff to consolidate individual priorities into one cohesive set of Council priorities. Over the course of two intensive days, Council formulated the key concepts underlying this document. In the following weeks, Council devoted additional focused working sessions to confirm, sharpen and articulate its collective approach, such that this final document is a clear reflection of Council's Strategic Priorities for the balance of the current term and beyond.

While both individually and collectively adopting and committing to these Strategic Priorities, Council respectfully acknowledges that the underlying principles are certainly not new. Successive previous Councils have established a firm foundation upon which we

continue to build with confidence. The five pillars of sustainability as outlined in the Jasper Community Sustainability Plan – economic, social, environmental, cultural, and governance – continue to guide the development and refinement of our current Strategic Priorities. We recognize that consistency in focus and effort are critical components to successfully advancing community goals. The vision, the hopes, the dreams of the community have not altered. The recognition by previous Councils of the primacy of 'Community Health' remains intact.

Building on that established premise, Council will continue to take proactive steps to foster a healthy community. Within the broad context of Community Health, Council has confirmed the strategic importance of three recognized themes: Housing, Relationships, and the Environment; and has identified the need for two additional themes: Organizational Excellence and Advocacy.

Encompassed within this collection of themes, Council has identified 31 individual strategic actions. It is essential to recognize that just as our community is an integrated whole – and much more than the sum of its parts – this document is similarly intended to be read and understood as an integrated whole: that each identified action does not stand alone; that they work in unison, and that each may fit within and advance any number of Strategic Priorities.

**RICHARD IRELAND** Mayor

In relentless pursuit of these Strategic Priorities, Council proudly acknowledges the immeasurable contribution of our municipal staff to fostering Community Health and well-being: a continuing contribution based on their self-established values of professionalism, empathy, accountability, respect, communication, and teamwork. We recognize that our residents deserve no less, from staff, and from Council.

# Framework & Process

The purpose of this Strategic Plan is to articulate strategic choices and provide information on how the organization intends to achieve its priorities.

The Strategic Plan outlines priorities to be achieved over the next several years and addresses four questions:

- Where are we now?
- Where do we want to be?
- How do we get there?
- How do we measure our progress?

# Council's Strategic Priorities

**Council acknowledges and respects the values established by the employees of the Municipality:**

*Professionalism, Empathy, Accountability, Respect, Communication, Teamwork*

# COMMUNITY HEALTH

*The health of our community is the foundation of our future.*

## To foster a healthy community, we....

- Take proactive steps to reduce the risk of people becoming vulnerable and respond when they are vulnerable.
- Promote and enhance recreational and cultural opportunities and spaces.
- Enable and facilitate events that provide opportunities to increase community connections.
- Embrace our growing diversity.
- Leverage and create opportunities for greater inclusion.
- Recognize the fundamental importance of our tourism economy.

# HOUSING

*Shelter is foundational for quality of life, social well-being, community stability and economic health.*

## To address housing, we...

- Build our internal capacity to advance our housing priorities.
- Invest in infrastructure to support housing.
- Invest in developing community focused housing units.
- Facilitate others in developing diverse housing options.
- Explore increasing the number of units available for municipal staff accommodation.

# RELATIONSHIPS

*We recognize that our ability to provide effective community leadership relies on the strength of our relationships, primary amongst which are our relationships within our organization.*

## To maintain strong relationships, we...

- Nurture our most important relationships which are those within our organization, all of whom share a commitment to best serve our community.
- Communicate and engage with residents.
- Collaborate with other municipalities, orders of government, Indigenous partners and advocacy associations.
- Welcome the expertise, innovation, creativity and commitment of community members, groups, associations and businesses.
- Continue along the path of reconciliation.

# ENVIRONMENT

*We will be a leader in sound environmental practices.*

## To demonstrate care for our environment we...

- Value the unique opportunities and responsibilities arising from our location inside a National Park and World Heritage Site.
- Focus on prevention, mitigation, and preparation for natural disasters.
- Increase opportunities for active transportation and transportation alternatives.
- Include an environmental lens into our decision making and operational plans.
- Examine and adjust our services to ensure they are providing the expected environmental benefits.

# ORGANIZATIONAL EXCELLENCE

*Working with our CAO, we will embed a culture of service delivery excellence and innovation throughout the organization.*

## To advance organizational excellence we....

- Empower our staff by investing in the training and tools they require.
- Entrust our staff to develop healthy relationships with the people they serve.
- Proactively plan for and invest in the maintenance and management of our natural assets and built infrastructure.
- Ensure residents receive quality service that provides strong value for dollar.
- Pursue alternative revenue sources and equitable distribution of costs.

# ADVOCACY

*We empower, facilitate and lead discussions of importance to our community.*

## To advocate with, and on behalf of, our community we...

- Strengthen our voice by partnering with those who share our interests.
- Contribute our voice to support community, industry, and partners in their advocacy efforts.
- Increase awareness and understanding of our unique conditions with other orders of government and funders.
- Pursue the acquisition of tools and authorities to enhance service delivery, equity and affordability.
- Take active and strategic steps to advance Jasper's interests, including the acquisition of land-use planning and development authority and attaining Resort Municipality Status.

# Priority Based Budgeting

## CONCEPT

Priority Based Budgeting is initiated by **Council’s Strategic Plan**. This is a document used to communicate Council’s organizational goals with the community and describe the actions needed to achieve those goals.

Priority Based Budgeting is a process used by municipalities to understand their larger community values and allocate resources accordingly. Two examples of applying PBB would be during:

- 1) Financial Challenges – lower priority programs can be reduced or eliminated and reallocated to higher priority services.
- 2) Organizational Growth – and ample resources are available, financial resources can be allocated to higher priority programs to increase service levels in higher priority programs.

## OVERVIEW

PBB serves as tool to evaluate service options and alternatives and assists the decision-making process. It is based on allocating budget dollars to programs and services that bring the biggest value to the community, with the intent to optimize service delivery and maximize value for dollar.

The process with describing the services of the municipality. While service attributes are somewhat similar for most municipalities there can be significant variation and nuance. In Jasper’s case administration was able to identify and describe over 80 unique programs.

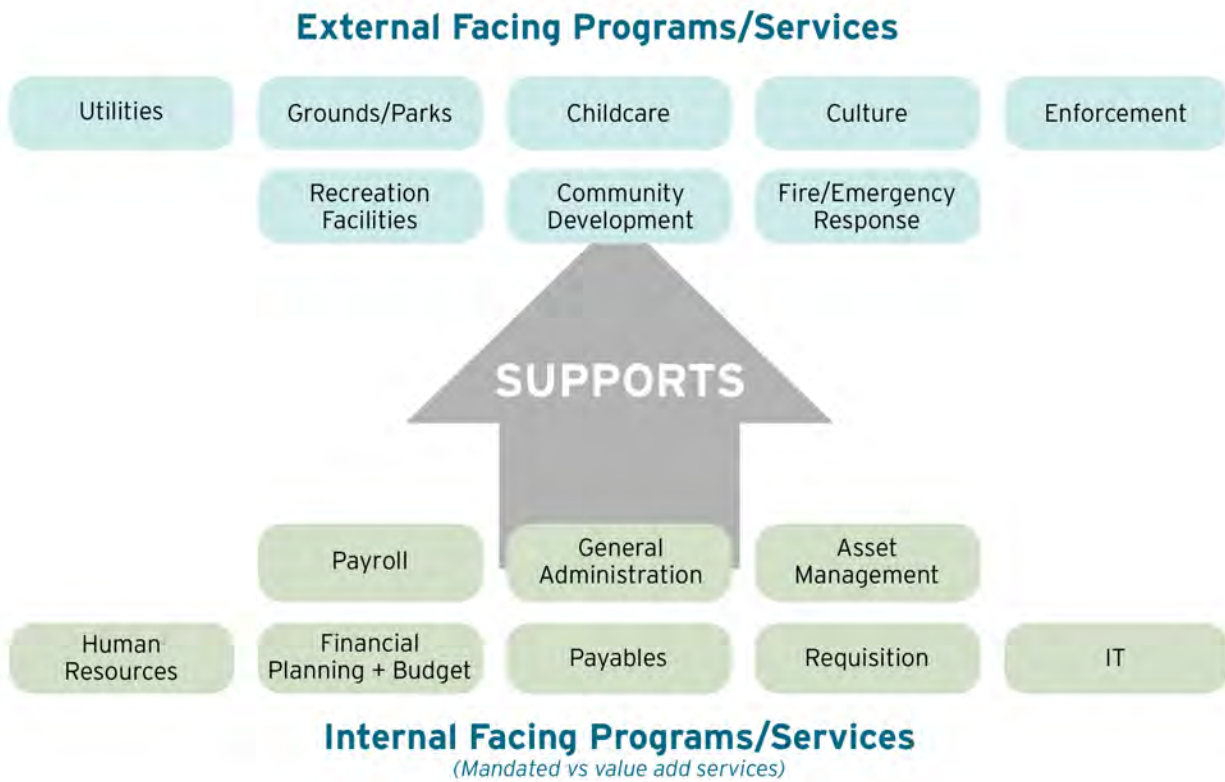

From there, all departments scored their own programs against the Council’s 2022-2026 Strategic Priorities.

Following the departmental scoring, the Senior Leadership Team reviewed and reevaluated the scores for fairness and consistency and established a final score for each of the programs.

Within the total set of described programs there are some important distinctions:

- Utility Rate supported programs and tax supported service are often reviewed separately as utility operations are generally expected to be self-supporting.
- External programs that provide service directly to residents and businesses are generally not compared against Internal programs that exist to enable the delivery of external programs.

With Utility Rate supported programs removed and the remaining services sorted in to External and Internal groupings the final scores are used to place into one of four quartiles. Services that are more aligned are assigned to Q1 and Q2 and those less aligned are placed in Q3 and Q4.

## KEY DELIVERABLES

- An inventory of program descriptions,
- A full list of scored programs and services, and;
- Prioritized services sorted into 4 levels of alignment.

# Operating Budget Requirement

## Municipal Government Act Requirements

### Section 242-Adoption of operating budget

- 1) Each council must adopt an operating budget for each calendar year by January 1 of that calendar year.
- 2) A council may adopt an interim operating budget for part of a calendar year. (3) An interim operating budget for a part of a calendar year ceases to have any effect when the operating budget for that calendar year is adopted.

### Section 243-Contents of operating budget

- 1) An operating budget must include the estimated amount of each of the following expenditures and transfers:
  - a) the amount needed to provide for the council's policies and programs;
  - b) the amount needed to pay the debt obligations in respect of borrowings made to acquire, construct, remove or improve capital property;
    - i) the amount of expenditures and transfers needed to meet the municipality's obligations as a member of a growth management board;
  - c) the amount needed to meet the requisitions or other amounts that the municipality is required to pay under an enactment;
    - i) the amount of expenditures and transfers needed to meet the municipality's obligations for services funded under an intermunicipal collaboration framework;

# Capital Budget Overview

## Municipal Government Act Requirements

### Section 245-Adoption of capital budget

Each council must adopt a capital budget for each calendar year by January 1 of that calendar year.

### Section 246-Contents of capital budget

A capital budget must include the estimated amount for the following:

- (a) the amount needed to acquire, construct, remove or improve capital property;
- (b) the anticipated sources and amounts of money to pay the costs referred to in clause (a);
- (c) the amount to be transferred from the operating budget.

# External Factors:

## Municipal Price Inflation vs Consumer Price Inflation

The Consumer Price Index represents changes in prices as experienced by Canadian consumers. It measures price change by comparing, through time, the cost of a fixed basket of goods and services.

The goods and services in the CPI basket are divided into 8 major components:

- Food;
- Shelter;
- Household operations, furnishings and equipment;
- Clothing and footwear;
- Transportation;
- Health and personal care;
- Recreation, education and reading, and
- Alcoholic beverages, tobacco products and recreational cannabis.

The goods and services in a MPI (Municipal Price Index) is much different than a consumer and could be reflected on as looking on cost increases in:

- Fleet
- Sidewalks, Roads
- Infrastructure
- Salary and Benefits
- Contracted Services

Inflation continues to rise in our economy, and this ultimately affects how a Municipal Operating and Capital budget evolves. Staffing, supplies, oil related products, contracted services and utilities are just a few of the areas that are heavily influenced by inflation. The Municipality purchases a very different basket of good and services than what residents do, and thus is influenced by a different, and often higher, inflation rate than CPI.

According to the July 2022 Bank of Canada Monetary Policy Report, CPI inflation will average 8% in Q2 and Q3 of 2022, resulting in higher expectations about inflation over the next two years.

Inflation is expected to fall to about 3% by the end of 2023 and be back at the 2% target by the end of 2024.

The latest Long-Term Canadian Economic Outlook published by TD Economics (September 2022) forecasts an average annual CPI rate of 3.8% for 2023.

<b>Indicator Forecasts</b>	<b>2023</b>	<b>2024</b>	<b>2025</b>
<b>Growth Rate - Alberta (Real GDP)<sup>1</sup></b>	3.0%	2.4%	---
<b>Canadian CPI<sup>2</sup></b>	3.8%	2.1%	2.0%
<b>Prime Interest Rate - Canada<sup>3</sup></b>	5.95%	5.45%	4.95%
<b>Unemployment Rate Alberta<sup>1</sup></b>	5.8%	5.5%	---

1. ATB Alberta Economic Outlook - September 8, 2022
2. TD Economics Long-Term Canadian Economic Outlook -September 2022
3. Bank of Canada Monetary Policy Report - July 2022
4. Bank of Canada prime rate as of September 7, 2022, is 5.45%. The prime rate is expected to increase by 50 basis points in the coming months, and then start to fall thereafter, in line with the expected reduction in inflation.

## Q11 Please write any further comments regarding Council's Strategic Priorities for the 2022-2026 term below.

Answered: 27 Skipped: 69

#	RESPONSES	DATE
1	We need to focus on capturing more money from tourism in order to balance the pressure on local taxes.	10/20/2022 11:28 PM
2	This survey is poorly written and vague at best. Many residents may not understand the questions and response choices and get frustrated and not complete the survey. I almost didn't complete it because the vagueness has me wondering if I'm actually answering the way I perceive I am answering. Where are direct questions about: Our skyrocketing housing rents. Do residents favour a rent-cap, how do we feel about the many empty houses 'occupied' by absent owners who use them as vacation homes, would residents favour future multi-occupation housing development be solely owned by the municipality so rental income benefits the town's coffers, not private owners? Our failing infrastructure; for example, pick a week, pick a leak. Informed residents know we need to increase our cushion for future infrastructure repair/replacement, hence the increased water, sewer, garbage rates. How about a question asking if a water conservation rebate would be welcome for residents taking measures to reduce their use? The national park recycling facade; it's ridiculous that much of what residents and visitors assume is being recycled is trucked to the Hinton landfill daily. Do residents actually want a real recycling program? Many of these points are out of the municipality's hands until full autonomy as resort town status is wrestled away from Parks Canada. But asking more direct questions about serious issues may hone future planning priorities.	10/15/2022 10:58 AM
3	I would like to see The muni continue with parking fees. The revenue you made from this program are a great way to give back to the community for whatever is needed to improve services, etc... free money (400k's). Don't ever get rid of that. I'm for the parking.	10/13/2022 11:31 AM
4	Priorities are logical and useful, none of the priorities listed are off base; hard to rank any of them lower than "important"	10/11/2022 10:40 AM
5	I was saddened to be told by personnel at the Transfer Station that glass and tin are no longer being recycled but put in the trash. If this is the case-why aren't residents informed? Any why are we paying recycling fees on our bimonthly billing? I hear the same is true for bailing of cardboard which costs more than what it is sold for? This is environmental sewer-ship not stewardship.	10/6/2022 8:59 AM
6	Quit spending unnecessarily	10/4/2022 5:53 PM
7	Affordable housing for minimum wage workers.	10/4/2022 8:44 AM
8	Some of these objectives are still a bit intangible and seem to vary in effort and impact. Can they be prioritized based on those factors? I have a hard time saying how I would think about funding them without understanding some actions under each objective	10/3/2022 10:19 PM
9	Have a better working relationship with parks and push for land use to be in your hands	10/3/2022 6:52 PM
10	More effort and visible advocacy needs to be done on attaining Resort Municipality Status. Most residents are blissfully unaware of this initiative. The increase in water services is hurting households and businesses. Having an alternative source of income to plan for improved infrastructure. Please forget about acquiring land-use planning and development until the MOJ has a way to pay for it and resources to implement improvements that doesn't see home owners funding infrastructure and services for 25,000 people daily. In question 12, there is no option for businesses or residents to tell you to actively seek resort municipality status...the visitors to this town need to support the level of services and infrastructure required to host them. Without this status, the only option is to increase costs to businesses - who benefit directly from this visitation. They can pass those costs on to their guests. If residents / people who pay property taxes on residential property have to pay, it just eats at their limited discretionary income to the point that the have to leave the community.	10/3/2022 5:11 PM

## Municipality of Jasper 2023 Budget Survey

11	Thank you for your service to Jasper.	10/1/2022 8:57 AM
12	Increase community engagement opportunities on major decisions. Communication to community members is different that input from community members.	9/28/2022 11:32 PM
13	Improving housing affordability in Jasper should be the number 1 goal of the municipality's budget process. Without housing that is affordable (market and subsidized) for folks employed in the tourism (read minimum wage workers) industry the town's social, economic and cultural future is severely limited and the Town won't be able to retain staff, families or ultimately attract new business investment	9/28/2022 9:22 PM
14	Staff housing for small business owners Vacant Worker or employee positions (why)? Forest fire prevention ( pine beetle kill ( tree removal) needs to be done to protect the town west of town	9/28/2022 8:42 AM
15	I feel the council and muni staff cater to heavily on the business community and not it's residents. Too many decisions made to benefit a "Banff" style town that caters to business above all. Diversity-what about our senior population? The parking money grab to seniors and resident is a fail and should not rest on our shoulders. I would rather see photo radar to support out town. Also the outdoor restaurant patios are an eyesore, cumbersome and not safe for people with mobility issues, street crossing etc. they are encroaching on the road ways. It it just anmater of time until there is an accident. They were supposed to be temporary. Who is picking up the extra cost for extra capacity? Businesses solely should. Pay as the impact on our water sewer and garbage is greater.	9/28/2022 7:52 AM
16	This survey an intentionally broad based survey, and so it is difficult to answer questions as a senior on a fixed income. Will you tax us out of our homes or will you find a way to give tax breaks to low income home owners?	9/28/2022 7:02 AM
17	Maintaining our services while managing increased costs to residents is extremely important. Please Continue to Advocate for residents rather than buckle under pressure from entitled business owners.	9/28/2022 1:14 AM
18	There has to be better planning for housing staff, especially in the summer season months. You all (Parks, Muni and businesses) work together on this plan. Start by demanding accountability from currant business owners who are already providing accommodations for their own staff ( not to house pipe liners) what I mean is having better guidelines and policies. I say put a stop to new Tourist Accommodations. There has to be a balance. You can't have more tourists come in and have no where for staff to live and not in the conditions they live in now. We (Jasper) should be ashamed. Summer workers help this town's economy. We need to respect them.Anyway, I think this is the BIGGEST problem we have in this town, and it's gone on far too long.	9/28/2022 1:11 AM
19	Let the aquatic/fitness centre stay open for longer hours.	9/27/2022 11:30 PM
20	I think obtaining resort municipality status is key to our long term sustainability	9/27/2022 10:25 PM
21	Get rid of Parks Canada being involved in the municipality.	9/27/2022 6:10 PM
22	Lower taxes, they are way to high. Seriously this new administration is wasting a lot of our money, it is so frustrating.	9/27/2022 5:43 PM
23	The cost of water service fees is crazy! As a couple, we pay for a lot of services we don't use ie the pool and gym. As a couple we also pay a lot for garbage, recycling fees, etc when we produce less waste. I only take the garbage out once every 5 days, but my garbage fees are huge. The town taxpayers pay a lot for infrastructure to support tourism. How can these be more manageable for our small population? Can the Federal government not be lobbied more to forgive land rent?	9/27/2022 5:22 PM
24	Stop allowing the restaurants to take up parking spaces.	9/27/2022 2:12 PM
25	Inclusion of OCA properties into the emergency plans in the events of natural disasters, it was extremely evident that the properties on pryamid bench became responsible for their own protection and got left out to dry by council and parks Canada. Extremely disappointed! We pay a significant amount of municipal taxes for many services we don't use, and are wondering why we were not included in the emergency plans for the town.	9/27/2022 1:41 PM
26	I would like to see focus on what we have, not expanding. I think our current infrastructure	9/27/2022 11:54 AM

## Municipality of Jasper 2023 Budget Survey

needs attention before addressing additional housing. Planning and development is important to have. Why are we in this situation with housing? How many staff accommodations have been built when building a hotel (now and in the past)? Does the problem exist because of this and why does the Municipality have to incur the cost to fix another government mistake? I appreciate the level of services being provided by Jasper and would like it to remain at the current level provided.

---

27	None thanks	9/22/2022 3:02 PM
----	-------------	-------------------

---

## Q14 Are there other initiatives, other than the programs that have been described above, that you believe the municipality should undertake?

Answered: 38 Skipped: 58

#	RESPONSES	DATE
1	To add another answer to #13. I support increasing visitor contribution opportunities to offset the cost of all our extra services related to tourism. Eg. An environmental levy to visitor accommodations to support the things like extra flushes to the treatment plant. Straight to the extra users, so we don't have to collectively pay more for the capital etc...	10/20/2022 11:28 PM
2	I think that the tourists should somehow contribute more to the funding of the town.	10/19/2022 4:55 PM
3	The programs above have not been described beyond 'services.' Again, vague. Are services our failing WWII era infrastructure or hiring another support worker for settlement assistance?	10/15/2022 10:58 AM
4	Pursue cancellation of fees paid to Federal Government by municipality. We get no revenue from Parks Admission Fees yet tourists use our infrastructure. Enforce paid parking and also ticket vehicles that sit for weeks and months at a time. Consider a fee for parking for vehicles in excess of available on-site parking. Even \$50/year would go a long way! I live next to a house that has one parking spot and 5 addition vehicles plus a truck trailer with a boat. There is zero available parking on the street.	10/6/2022 8:59 AM
5	Listen to the people who pay the way / businesses	10/4/2022 5:53 PM
6	As a tourist destination in a national park we should be getting more money from the federal government for our infrastructure.	10/4/2022 10:51 AM
7	Build another rink with proper dorms or add on to existing rink. This would bring in lots of people during shoulder season and build indoor walking track for seniors.	10/4/2022 8:44 AM
8	I believe there should be a tax on tourists that go to the municipality to help pay for improvements to our amenities and to pay for new amenities. Tourism tax to the municipality	10/3/2022 10:53 PM
9	Will there also be an investment in monitoring the success of new programs?	10/3/2022 10:19 PM
10	Making Patricia Street downtown mostly pedestrian and charge for parking in the big parking lots as Banff does	10/3/2022 6:52 PM
11	The paid parking needs a thorough evaluation. The app system is cumbersome...the number of tickets issued is ridiculously low. Use the revenue for visible improvements in the paid parking area. Please use the payment stands like the one at the parking lot by the public washroom...and make it easy for locals. Please get rid of the tent structures on the streets. Those may have been acceptable when restaurants indoor seating was limited - now they are just plain ugly and detract from the look of our community. They call it patio weather for a reason...when it's nice out...you sit on the patio...when it's not, you go inside. Businesses with patios have inadvertently caused pressure on the housing issue - it takes more staff to operate a patio. Their earning capacity has significantly increased and still they're allowed to have tacky tents, make shift barriers and cause congestion on the sidewalks.	10/3/2022 5:11 PM
12	Look into allowing UBER or similar to operate in Jasper. Guests staying in outlying properties or hotels at the far ends of town need a better option than the dirty, limited taxis.	10/3/2022 2:44 PM
13	Thank you. The sooner we have " Local Government in the town of Jasper" the better. It is about democracy. I want land use planning and development to be the responsibility of those elected locally.	10/1/2022 8:57 AM
14	Housing!!! We can't have a community that runs on tourism if there is no affordable housing for the people we expect to do those jobs for minimum wage. incentivize homeowners and businesses to provide affordable staff housing instead of running air bnbs and bed and breakfasts.	9/29/2022 7:47 PM
15	The parking app for locals need to go. Wasted resource as we all already have resident passes	9/29/2022 6:36 PM

## Municipality of Jasper 2023 Budget Survey

in our vehicles windows. That should be suffice!

16	I am opposed to the paid parking model on the streets of Jasper. I am no opposed to paid parking in parking lots.	9/29/2022 2:12 PM
17	Alternative energy initiatives. Whether it's seeking grants for stakeholder eco upgrades, or enhanced renewable energy infrastructure for municipal buildings/ assets.	9/28/2022 11:32 PM
18	Follow Banff's lead and consider how ALT and active transportation options can improve the overall quality of visitor and resident experience in the park	9/28/2022 9:22 PM
19	No	9/28/2022 8:42 AM
20	I've always been opposed to the provision of private storage services at such a low fee. Either contract out storage at the industrial park or change the fee to that of market value. The municipality should not be in the business of providing service to store recreational vehicles - but if you are, then charge accordingly.	9/28/2022 8:30 AM
21	The federal government had deep pockets for infrastructure and running the towns services. I'm disappointed that the financial burden to invite the world to our doorstep primarily is now resting on constant increasing of residential and business taxes. Hold off on spending, so RESIDENTS can recover. Thank you for your efforts.	9/28/2022 7:52 AM
22	Pay more attention to affordable needs and housing for the aging and disabled population in our community.	9/28/2022 7:02 AM
23	The skate park should be built. This provides an inclusive activity for our residents. It should be built at the ball park.	9/28/2022 5:39 AM
24	Continue with paid parking. Increase the fees at activity centre/arena for non-local residents and businesses. Or, increase fees and provide a discount to residents - this is very common in other municipalities.	9/28/2022 1:14 AM
25	Let the fitness centre stay open later	9/27/2022 11:30 PM
26	Need more time to think about that. But 1 thing: stop making residents pay for everything, start charging visitors to find extra money. It's too expensive to live here but many people around the world can afford to visit here so get more creative with your financial planning on the visitors' dime, not mine.	9/27/2022 10:26 PM
27	Development of the skate park in centennial	9/27/2022 10:08 PM
28	Focus on temporary workers they must have good standard of living	9/27/2022 9:19 PM
29	In regards to taxation, I would like the municipality to review the increased fees on water/sewage and how/whether this was implemented in a fair and just method to all residents. I support an increase for increased essential services, but I do not support an increase when it is not equitably administered.	9/27/2022 8:09 PM
30	Increase taxes for multi-million dollar companies that don't re-invest or support our community and exploit workers.	9/27/2022 8:00 PM
31	Jasper is at the end of the food supply chain. In the interest of food security in the community and promoting green initiatives that bring year round food growing to the community, the municipality should look into Article Acres off grid Green houses and work with parks Canada to find a space where they could be built. I envision 10 of the largest ones in a fenced compound (locations such as the compound on sleepy hollow road or even the old rodeo ground). Given the environmental benefit of having food grown locally, I feel it is something that large corporations may consider sponsoring funding as many of these large corporations have funding of select community initiatives in their corporate responsibility budget.	9/27/2022 7:02 PM
32	Tax Parks Canada	9/27/2022 6:10 PM
33	Too many staff, reduce and save tax dollars	9/27/2022 5:43 PM
34	Aim to increase more opportunities for collaboration with different community groups and members to help take the burden off municipal staff and share responsibility, especially as it relates to sustainability.	9/27/2022 5:22 PM
35	Look at other tourist towns and what makes their community great. Ie Revelstoke and their music nights where they close the street to car traffic and people come out to enjoy the music.	9/27/2022 5:22 PM

## Municipality of Jasper 2023 Budget Survey

Or Nelson and their neat outdoor exercise equipment.

36	Relations with Parks to retain some of the Park Pass / Park fees to offset taxes. Our resources are used by visitors and should not be taxed to business and home owners.	9/27/2022 2:10 PM
37	Lollipops!	9/22/2022 3:02 PM
38	test	9/22/2022 1:07 PM
