Jasper resident Mr. Eric Dietiker addressed Council to discuss the rebuilding of properties in S-Block (Stan Wright industrial area), and the absence of guidance on this specific area of town in the Rebuild Guide. Mr. Dietiker explained the

services and storage will be needed to help rebuild Jasper, and is asking for Superintendent Fehr to approve like for like rebuilds in S-Block as long as they meet building code. Mr. Dietiker is looking for specific answers on the rebuilding process for S-Block.

Director Sanders invited Mr. Dietiker to meet with the planning team and discuss specific concerns with staff.

Mr. Paul Butler, Executive Director for the Jasper Park Chamber of Commerce, acknowledged the good work presented in the Rebuilding Guide, and raised concerns about the lack of detail on commercial rebuilds in the guide in view of the vast economic impacts on the community. Mr. Butler also raised concerns on the lack of information or initiatives on economic recovery and urged Council to turn their attention to the matter promptly.

CAO Bill Given indicated that an employment opportunity focused on economic recovery is currently posted on the municipal website. Director of Recovery Michael Fark indicated that the first Recovery Advisory Committee meeting is scheduled for next week, and that outreach on the work plan for economic recovery is upcoming.

- Re-configured local environment and replace/repair/warranty damaged equipment post re-entry to Jasper.

- TRINUS assisted our IT staff with amazing response and assistance during the wildfire, their top techs were on standby for
 the Municipality 24/7. They worked all hours with IT to minimize any downtime experienced, and administration could not
 have asked for a better team to assist us through the last 4 months of intense IT response during the wildfire and the initial
 recovery set up for the Municipality.

- Several vendors each week have been choosing to switch to EFT payments instead of receiving cheques in the mail.
- Monthly tax payments (for non-destroyed properties) resumed September 1st.
- Utilities for July and August were sent out to all properties. Any credits will be determined once the Municipality knows more about financial stabilization assistance.
- The September and October meter reads have been completed and utility billings will be mailed out mid-November, pending postal strike.
- Assessment Review Board there were a total of fourteen assessment appeals in 2024, 3 LARB and 11 CARBs. All resolved before going to hearing.
