DIRECTOR'S REPORT Christine Nadon, Director of Protective & Legislative Services May 2025

# **Major Projects**

- The residential space renovation project at the Fire Hall is complete. The project team is working to submit and confirm all inspection reports towards suite occupancy. Resuming accommodation of ambulance staff at the station is crucial as we approach the busy summer season. This project converted a 2-bedroom residential suite into a 4-bedroom suite for on-duty first responders at the station.
- Work on the 2024 Jasper Wildfire After-Action Review continues. Our leadership team has been focusing on
  operational reviews and action plans ahead of hazard season to ensure operational readiness and foster a culture
  of continuous improvement for the Jasper Fire Department. The broader After-Action Review report, prepared by
  a third-party emergency management consultant, will be reviewed by the Emergency Advisory Committee prior
  to being published.
- Mental health supports and programs for the Jasper Fire Department and the municipal Incident Management Team continue to be a priority. Two mental health sessions were delivered in April, including The Working Mind for Leaders for the Incident Management Team, and an in-person session with our Fire Department psychologist to help firefighters deepen their understanding of the effects of trauma and the importance of "doing the work" to recover appropriately from the wildfire.
- Paid parking and sidewalk seating programs have resumed for the season effective May 1, 2025.

# Staffing

- The Bylaw Enforcement Service has recruited a new Bylaw Enforcement Officer. Nathan Drennan will be joining our team starting Thursday, May 8.
- Community Peace Officer Troy Jackson will be moving on to pursue his career in law enforcement in a larger community in June. CPO Jackson's professionalism, dedication, knowledge of our community and people skills will be missed. We wish him all the best in his future endeavors and thank him for his service to our community.
- Our full-time term firefighters have been extended until the fall.
- We are excited to announce that Nik Kellis is continuing his service with the Jasper Fire Department as our new Captain of Prevention. Captain Kellis joined the Fire Department in 2018 as a volunteer firefighter, and became a lieutenant with the department in 2024. His new Captain duties will include fire inspections and investigations, public outreach, FireSmart initiatives, providing Command coverage, and providing leadership to firefighters.

# **Service Trends**

 An increased workload and more complex files continue to challenge the capacity of our Bylaw and Legislative Services, in addition to existing annual programs which are resuming this spring. Our team continues to work closely with the Jasper Recovery Coordination Centre and the Urban Design and Standards department to provide equitable and consistent service delivery for residents, businesses and rebuild contractors.

# **Communications & Engagement**

- Several public events and public speaking engagements took place this spring, including Chief Conte, Director Nadon and previous Chief Van Tighem speaking to other communities and professional organizations about the 2024 Jasper Wildfire. A public information session for residents was held in Jasper on April 23.
- The Emergency Preparedness Week Open House will be held on Wednesday, May 7 at the Emergency Services Building. Community FireSmart Day is scheduled for Saturday, May 10. Details for both events are available on the municipal website.

# JASPER RECOVERY COORDINATION CENTRE (JRCC)

# **PROGRESS UPDATE**

# JRCC EXECUTIVE SUMMARY

- Interim Housing: 129 households (310 individual residents) have moved into Interim Housing as of April 30th, 2025.
   40 households have moved into Marmot Meadows and 89 households have moved into housing sites within the town boundary.
- Demolition Permits: 99% of demolition permits issued, 95% physical debris removed, 18 close-out permits issued, and 30 soil testing reports submitted for Parks Canada review.
- Town Rebuild: 296 pre-application meetings since the end of October, over 1,750 emails and phone calls responded to from lessees and contractors since the beginning of December. 107 Development Permits have been issued since August. Interim Temporary Use policy was approved.
- Social Recovery: Training sessions for the second cohort of Pathfinders are well under way, with a third cohort to begin in May. A needs assessment report has been drafted and is being finalized. The JRCC is working with partners to plan additional community wellness programming, including a land-based "healing through fire" program.
- Economic Recovery: Business lunch and learn series complete. Economic Developers of Alberta coming to Jasper May 12th and 13th to collect business community and other stakeholder feedback to contribute to their Yellowhead Regional Economic Recovery and Resiliency Report.
- Communications: Interim Temporary Use Policy public communications complete. Door-to-door and public comms complete for new parcels within townsite for interim housing; Patricia Circle, vacant Museum lot and the United Church.

# INTERIM HOUSING

- As of April 30, 2025, 129 interim housing units are occupied by 310 residents. A further 94 households (154 residents) are in various stages of lease-signing and move-in process with the Canadian Red Cross.
- We expect to achieve full assignment of existing in-town interim housing units imminently and full assignment of Marmot Meadows interim housing units by mid-May.
- The JRCC has secured authorization to begin site preparation on three additional parcels of land within the townsite to accommodate more interim housing units. Arrival of additional interim housing units is expected in July 2025.
- In total, the interim housing program by the end of 2025 will include 162 trailers units of single, double and triple unit configurations, a 120-room dorm-style complex, and 24 prefabricated houses. This represents housing for between 300-400 households.

# DEBRIS MANAGEMENT

- **Demolition permits**: 99% of demolition permits have been issued.
- Physical debris removal complete by Spring 2025: Over 95% of lots having debris removed. Sampling analysis and administrative work continues to ensure sites are clean and safe for rebuild.
- Confirmatory soil sampling: 30 reports have been submitted; 9 have been confirmed contamination-free and passed for Certificate of Completion; 10 were returned for more information; the remainder are under review.
- **Demolition Close-out Permits**: 18 close-out permits have been issued.
- While the post-debris removal sampling process occurs, lessees can submit development permit applications for review and approval; however, building permits cannot be issued until the demolition close-out permit is finalized.
- Outreach to sites that have not completed debris removal took place in April.

# JOINT TOWN REBUILD

- Responding to development inquiries and reviewing applications:
  - 296 pre-application meetings since October 28, 2024, over 1,750 emails/phone calls answered between December 1, 2024, and April 25, 2025, from lessees and contractors.
  - 107 Development Permits approved since August, including rebuilds of 11 fire-impacted homes, 1 condo complex, 1 apartment building, 3 outlying hotels, 2 commercial buildings, and 1 structure at Lake Edith.
  - Building permits have been issued for 3 commercial properties that were significantly fire-damaged. These are the first building permits for fire-affected properties.
- Streamlining the development review and approval process
  - Temporary Use Policy has been approved for the townsite. This policy enables residents to use private leaseholds for work camps, laydown areas and RVs.

# Community support

- Accessory Dwelling Unit Incentive Program Approved on April 15.
- Community engagement on town values, residential density and parking to occur May 5-10.

# SOCIAL RECOVERY

- Recovery Pathfinders: Training continues for the second and third cohorts of Recovery Pathfinders, with 38 individuals expected to complete this training by the beginning of summer. The Jasper Rotary Club provided a seed grant to support the program as we look to identify a funder to support its full scope.
- Needs assessment: A draft needs assessment report is being finalized for distribution. The report
  will inform planning and programming through the next phases of recovery. Additional needs
  assessment activities will provide an evolving picture of community needs throughout the recovery
  process.
- Disaster Preparedness Week: The JRCC and the Canadian Red Cross are supporting Disaster Preparedness Week activities, with an emphasis on psychosocial preparedness for the coming wildfire season.
- Community Wellness: work is underway to develop additional programming and supports for community wellness, including a land-based healing program that draws on the knowledge and experience of Indigenous partners.

# ECONOMIC RECOVERY

- Commerce Continuity Initiative:
  - Pop-Up Village: First business container arrived on site April 29th. Electrical servicing in the works, other power options are being explored for the interim. Initial placemaking elements are also being worked on.
  - Interim Industrial Park: Interim Space Survey for S-Block Businesses complete. Using results to guide allocation, site planning, and utilities.
  - Contractor Laydown Areas: Engagement underway to inform design and operation of laydown and staging areas.
- Business Lunch and Learn Series: 5 sessions completed Welcomed over 97 total attendances with several individuals attending multiple times, demonstrating continued interest and engagement. Featured lunches from 5 different local businesses, hosted 3 out-of-town experts, collaborated on 1 "Nobody ever tells me anything" night with the Chamber of Commerce, and learned from some of our own incredible local leaders.

# ECONOMIC RECOVERY

Economic Developers of Alberta (EDA): Collaborating with Community Futures West Yellowhead and JPCC to support strong stakeholder engagement opportunities with the EDA, ensuring the development of an economic recovery and resiliency recommendations report. An invitation has been issued to Council, and the Chamber is coordinating outreach to the business community.

# COMMUNICATIONS

- Interim Temporary Use Policy public communications complete with newsletter and social media/web updates.
- Door-to-door and public communications complete for new parcels within townsite for interim housing; Patricia Circle, vacant Museum lot and the United Church.
- JRCC published a laydown needs survey to get an understanding of demand, requirements and duration of need for laydown during rebuild. Information collected will guide the formal application process.

# April 22, 2025 Committee of the Whole meeting report

# **REQUEST FOR DECISION**

Subject:	Capital Budget Carry Forward to 2025	
From:	Bill Given, Chief Administrative Officer	м
Prepared by:	Natasha Malenchak, Director of Finance and Administration	J
Date:	April 22, 2025	

# **Recommendation:**

• That Committee recommend Council approve the carry forward capital list of incomplete 2024 projects to the 2025 capital budget as presented, and;

ASPER

• Additionally add the completion of site servicing for interim housing to the budget as presented.

### Alternatives:

• That Committee direct Administration to revise the capital carry forward list (by item(s) discussed) and return to a future committee meeting.

### **Background:**

Council approved the 2025 Operating and Capital Budgets on December 17, 2024. During budget presentations, Administration informed Council that any incomplete 2024 projects would come back to Council as a separate Request for Decision at a later date.

### **Discussion:**

The carry forward process is to ensure that all capital project that have begun in the prior year can continue, and that any projects that did not commence but are still required can be initiated in the current fiscal year.

To determine that the projects listed should carry forward Administration has:

- Given vendors time to submit 2024 invoicing and;
- Deleted some of the 2024 capital projects that no longer need to occur or that were complete in 2024.

The recommended carry forward budget has been adjusted to the remaining budget post-2024 expenses incurred to be in the amount of \$10,155,742.32.

60% of recommended carry forward items are Work in Progress (WIP), the other 40% have not commenced.

The 2024 approved capital budget was \$54,939,623.51 and \$19,687,225.42 was expensed (\$22,691,725.58 including Parcel Servicing for Interim Housing which was not budgeted).

# **Strategic Relevance:**

Relationships:

- Communicate and engage with residents.
- Organizational Excellence:
- Proactively plan for and invest in the maintenance and management of our natural assets and built infrastructure.

# **Inclusion Considerations:**

The remaining budget and associated activities for the listed capital projects are to be carried forward into the upcoming fiscal year. This transfer ensures the continued progress and successful completion of projects. The unspent funds from the current year will be reallocated accordingly.

# **Relevant Legislation:**

Policy B-109 Fiscal Control and Financial Reporting:

• 5. CAPITAL BUDGET AUTHORITY

5.1 The Capital Budget approved by Council establishes the scope, funding and spending authority for each Capital Project listed in the Capital Budget document for the identified period.

### **Financial:**

If approved, the amounts and projects will be added to the 2025 Capital Budget within the financial software. The recommendation can be carried out within the existing approved budget and no additional resources are needed.
